MUNDLE PUBLIC SCHOOL

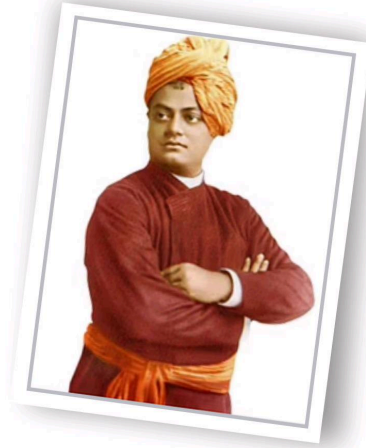

We want that education,
by which character is formed,
strength of mind is increased,
the intellect is expanded,
and by which one can stand
on one's own feet.

-Swami Vivekananda

VISION

To work as a positive character and all-around personality development center, giving exposure to real life situations. using experiential learning methods.

MISSION

To explore the latent talents of the students and to canalize their efforts in the direction of their interests.

AIMS & OBJECTIVES

. The main aim of the school is imbibed in the motto of Mundle Educational Trust
॥ साहसेश्रीःप्रतिवसति ॥ Success, wealth, name and fame naturally follow a person having courage and determination. Fifteen to twenty years down the road, when the student is expected to face this world all by herself, it will be her attitude and not the aptitude which will ultimately decide her altitude. The focus will be on strengthening the core values like courage, confidence, strength, honesty, integrity, humility and patriotism to build a positive character, which ultimately stands tall and strong in the ups and downs of life.

. The other aim is to explore the potential strengths of a child in the field of her choice like Academics, Arts, Sports and Social service. The child will be encouraged and motivated to pursue her hobbies so that she blossoms into a satisfied, confident and complete personality.

. The last but not the least, the school will try to bring out the leadership qualities in a child through various personality development programmes so as to enable her to become culturally aware, mature and responsible citizen of resurgent India.

Kindly note that we are giving only feminine references in our statements, not just for the sake of convenience, but to stress the equal importance of a girl child. All the statements we are making here are applicable equally to the boys and girls.
